## Application No. Applicant(s) Notification of Non-Compliant Appeal Brief 10/001,940 NOLTE ET AL. (37 CFR 41.37) Examiner Art Unit Raymond J. Bayerl 2173

--The MAILING DATE of this communication appears on the cover sheet with the correspondence address--

The Appeal Brief filed on 19 December 2005 is defective for failure to comply with one or more provisions of 37 CFR 41.37.

To avoid dismissal of the appeal, applicant must file anamended brief or other appropriate correction (see MPEP 1205.03) within **ONE MONTH or THIRTY DAYS** from the mailing date of this Notification, whichever is longer. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136.

- The brief does not contain the items required under 37 CFR 41.37(c), or the items are not under the proper 1. 🔯 heading or in the proper order. 2. The brief does not contain a statement of the status of all claims, (e.g., rejected, allowed, withdrawn, objected to, canceled), or does not identify the appealed claims (37 CFR 41.37(c)(1)(iii)). At least one amendment has been filed subsequent to the final rejection, and the brief does not contain a statement of the status of each such amendment (37 CFR 41.37(c)(1)(iv)). (a) The brief does not contain a concise explanation of the subject matter defined in each of the independent claims involved in the appeal, referring to the specification by page and line number and to the drawings, if any, by reference characters; and/or (b) the brief fails to: (1) identify, for each independent claim involved in the appeal and for each dependent claim argued separately, every means plus function and step plus function under 35 U.S.C. 112, sixth paragraph, and/or (2) set forth the structure, material, or acts described in the specification as corresponding to each claimed function with reference to the specification by page and line number, and to the drawings, if any, by reference characters (37 CFR 41.37(c)(1)(v)). 5. The brief does not contain a concise statement of each ground of rejection presented for review (37 CFR 41.37(c)(1)(vi)) The brief does not present an argument under a separate heading for each ground of rejection on appeal (37 CFR 41.37(c)(1)(vii)). 7. The brief does not contain a correct copy of the appealed claims as an appendix thereto (37 CFR 41.37(c)(1)(viii)). The brief does not contain copies of the evidence submitted under 37 CFR 1.130, 1.131, or 1.132 or of any
- other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered by the examiner, as an appendix thereto (37 CFR 41.37(c)(1)(ix)).
- 9. The brief does not contain copies of the decisions rendered by a court or the Board in the proceeding identified in the Related Appeals and Interferences section of the brief as an appendix thereto (37 CFR 41.37(c)(1)(x)).
- Other (including any explanation in support of the above items):

Appellant's brief appears to follow the format of 37 CFR 1.192, which has been discontinued. The new format for a brief is that of 37 CFR 41.37. The section for explanation of subject matter defined in each of the independent claims does not follow the 37 CFR 41.37 (c)(1)(v) requirements, in that it is a summary of invention as generally disclosed, followed by a listing of the independent claims. The section for a concise statement of each ground of rejection does not follow 37 CFR 41.37(c)(1)(vi), using instead the discontinued format of "Issues" and "Grouping of Claims". Also missing, and required under 37 CFR 41.37(c)(1)(ix) and (x), are appendices referring to evidence relied upon in the appeal and decisions rendered, where the appendix will alternatively indicate that no such evidence or decisions are present, if such is the case.
